

Job Title: QC Inspector Level II

Location: San Antonio, TX

Company: Tindall Corporation

Pay starts at \$24.19 per hour

Resumes to be sent to: Carrie Whetzel at carriewhetzel@tindallcorp.com

We are Engineered to Serve.

Tindall Corporation is a leading Precast Concrete Manufacturer, with locations throughout the Southeastern U.S. **Our mission is to support our customers, create remarkable structures, and deliver never-before-seen solutions every step of the way.**

Our employees enjoy benefits including:

Low Cost Employee Health plan, Dental, Vision, STD/LTD, Fully-paid Basic Life, Voluntary Life, Whole Life, Accident, Hospitalization, Critical Illness, EAP and a 401k Plan with Company Match & Profit Sharing.

Summary of Primary Functions: Conducts pre-pour and post-pour inspections to ensure that concrete members achieve tolerances as required by shop cards and PCI. Performs concrete testing, witnesses stressing, and establishes adequate curing controls.

Essential Duties and Responsibilities: All employees are required to follow all Safety and Quality rules and processes to ensure a safe working environment, and the production of high-quality products.

- Inspect bed set-up according to shop drawings for proper size and placement of all reinforcement, including strands, plate location, all structural connections.
- Note any nonconforming items and notify proper personnel to bring product into conformance.
- Perform concrete testing: slumps, unit weights, air content, release cylinders, 28 day cylinders.
- Set-up steam clocks to insure proper curing temperature.
- Monitor finishing procedures in finishing shed.

- Inspect final products, note any nonconformance's and notify the Engineering Department for approval or repair work order. All conforming products receive a green tag, all nonconforming products requiring engineering approval receive a red tag.
- Check red tagged members after they are repaired to insure that they conform to Engineering's requirements.
- All non-conformances for engineering approval are to be drawn up and submitted in writing.

Job Specifications or Qualifications:

Education and/or Experience: High School Diploma or general education degree (GED) is required.
